BLINCOE.

As it has been some time since
we had a letter from this vicinity
I will come back with a few items
of interest to the columns of the
News Leader.

Miss Lizzie Blincoe of Holy
Cross has returned to her home
after spending a week with Miss
Maude Cambron.

Our Mission given last week by
Rev. Father Couvrent was quite a
success and I think something
like this ever few years would
prove quite beneficial to some of
our members.

Mr. and Mrs. Charles Bratcher
of Louisville are visiting rela-
tives at this place.

Mrs. J. L. Brecht who has been
on the sick list is improving
nicely.

Miss Alma Fields visited her
Aunt Mrs. R. B. Brent Saturday
and Sunday last.

Miss Rosie Osborne spent last
week with Miss Rose Pittreau
and attended the Mission.

News From The County.

Happenings Among the County People
as Reported by our Correspondents.

Hillsboro

News is rather scarce in this
vicinity this week as all the talk
we have heard is about the dry
weather and a prophecy about
when it will rain.

Sam Montgomery bought a
colt from Will Jenkins for \$30.

Mrs. Richard Shewmaker of
Putland who has been visiting
Mrs. Josh L. man for several
days returned home Sunday.

Oscar Eldred and Miss Mattie
Best of Wayside visited relatives
here last week. Miss Best is an
excellent singer and organist
and our people were treated to
some nice music while she was
here.

W. C. Dudgeon is wearing a
very sad face this week. There
is all kinds of rumor as to the
cause but most likely it is the
"fever."

John Armstrong is building a
large stock barn on his farm.
Allen Sutton of Whitesburg is
doing the work and when it is
completed it will have many con-
veniences and together with his
new tobacco barn will add much
to his farm.

The farmers are all about
through gathering corn and the
crop is much better than it was
last year. The yield is looking
well. The rice is looking well
but the wheat is thought to be a
failure.

"Doc" Coulter has a peach
tree in his yard with green
peaches on it. Mr. Coulter says
that he has gathered ripe
peaches off of this tree when
snow was on the ground. It is
perhaps the only tree in the
community like it.

F. M. Shewmaker sold 20
large fat hogs last week to Yan-
key & Co., for \$10.

Capt. Settles says there is no
doubt but what the people saw
the strange sight as reported
but not an indication that the
world was coming to an end but
only a signal of the defeat of
Judge Parker. The general cap-
tivity who is an all around good
Democrat says "look out boys for
stranger sights to appear in 1905
which will foreshadow the defeat
of the Republican party. We
are inclined to think the Capt
will appear in 1908 without a
prophet's feather in his cap."

The first four months of the
public school here taught by
Prof. Peters of Mackville closed
Friday. It has been a very
quiet term and so far as we
know has been a very successful
and satisfactory one. The re-
maining two months will be
taught in the spring.

The wells and springs are all
about dry and all kinds of means
are being used to get drinking
water. Capt. Settles says if you
will put a lump of salt in your
spring that is dry the water will
work it to by the next day
and you will have water which
will follow the road made by
the water.

The local sportsmen are not
tiring yet this season for about
all the farmers have packed their
land. I have heard several say
that if anyone hunted on their
farms without permission that
the next grand jury would have
their names. Game of all kinds
are reported to be unusually
scarce this time on account of so
many rabbits and birds dying
during the long drouth in the
summer.

Esq. Z. Prather

A highly respected citizen of the Pulliam
neighborhood, while here on a
visit to his son, P. B. Prather
was taken sick several days ago.
He is being attended by Dr. Mc-
Chord of Lebanon and Dr.
Hoyatt of Whitesburg. He is re-
ported better at this writing.

Mrs. Jas. W. Settles received
a stroke of para'lysis last Sunday
morning about 10 o'clock. M.
Settles was not a home and P.
Settles was alone but fortunately
her daughter, Mrs. Albert Biss
arrived about the time to spend
the day with her parents and
found her mother in a very
serious and helpless condition.
Dr. Smock was at once summoned
and did all that medical aid could
do but could not overcome the
wonderful power of para'lysis.
Up to present M. Settles has
not yet gained her speech and
the chances for her recovery is
still very doubtful.

ham for \$1800.

this week and he and his family

them but our loss will be their
gain.

attended and the following prices
were realized. One bay horse
\$55, one bay mare \$73, one milch
cow \$18.25, corn 46c a bushel,
household and kitchen furniture
brought good prices.

Mr. Preston Moore gave a
Thanksgiving party to the young
people. Those who were fortu-
nate enough to receive an invita-
tion enjoyed a good time.

A general Thanksgiving service
was held here Tuesday
morning in which several of our
good people took part; after
which we retired to our homes
and enjoyed turkey.

Mrs. Della Nelson and Mr.
Chas. Goode were married at
Bethlehem Baptist Church Thurs-
day at 4 o'clock p.m. Messrs.
Will Peterson and Clarence
Goode were ushers and Miss Be-
liebe played the wedding
march. We say with the Fairies,
"Long may they live and peace-
fully."

Two of our boys, Messrs.
Leonard Bradshaw and Leslie
Pardoe, who recently went to
Indian Territory have returned to
Kentucky. They do not make a
favorable report of Indian Terri-
tory.

Thanksgiving has passed and
the hunters were all busy but the
quails are so scarce that it could
be considered a rabbit hunt instead
of a quail hunt.
